

# T. Rowe Price Emerging Markets Discovery Equity Pool – Proxy Voting Summary

*6 months ending June 30, 2025*

## **PROXY VOTING PROGRAM OVERVIEW**

Proxy voting is a crucial link in the chain of stewardship responsibilities we execute on behalf of our clients. Each vote represents both the privileges and the responsibilities that come with owning a company's equity instruments.

We take our responsibility to vote our clients' shares very seriously - taking into account both high-level principles of corporate governance and company-specific circumstances. Our overarching objective is to cast votes to foster long-term, sustainable success for the company and its investors.

T. Rowe Price portfolio managers are ultimately responsible for the voting decisions within the strategies they manage. They receive recommendations and support from a range of internal and external resources:

- The T. Rowe Price Environmental, Social & Governance (ESG) Committee
- Our global industry analysts
- Our specialists in corporate governance and responsible investment
- ISS, our external proxy advisory firm

Our proxy voting program serves as one element of our overall relationship with corporate issuers. We use our voting power in a way that complements the other aspects of our relationship with these companies, including engagement, investment diligence, and investment decision-making.

## **SUMMARY OF MAJOR PROPOSAL ITEMS**

The following table breaks down voting records into categories. Some categories, such as the election of directors, are universal across the markets where we invest. Other voting issues are unique to select regions. For management-sponsored proposals, a vote "FOR" is a vote aligned with the board's recommendation. For shareholder-sponsored proposals, a vote "FOR" is generally a vote contrary to the board's recommendation.

## SIGNIFICANT VOTES

The definition of a significant vote can vary across the investment industry. At T. Rowe Price, meetings may be tagged as significant where the situation is particularly contentious, or the vote illustrates a key aspect of our voting approach. Detailed below is the summary of a resolution, how we voted, and our rationale for that voting decision. T. Rowe Price portfolio managers decide how to vote on the proxy proposals of companies in their portfolios and, as a result, may not all vote the same.

This case study describes proxy voting being carried out on behalf of the fund. This material is for informational purposes only and is not intended as an offer or recommendation concerning investments, investment strategies, products, and account types.

### CASE STUDY: KE Holdings – Agenda item number 6

<b>Summary of the resolution(s)</b>	Agenda item number 6: Approve PricewaterhouseCoopers (PwC) and PricewaterhouseCoopers Zhong Tian LLP as Auditors and Authorize Board to Fix Their Remuneration
<b>Country</b>	Cayman Islands
<b>Company description</b>	KE Holdings is a Chinese real estate holding company.
<b>Date of vote</b>	June 27, 2025
<b>Meeting type</b>	Annual
<b>Proponent</b>	Management
<b>How we voted</b>	Agenda item number 6: For
<b>Rationale for the voting decision(s)</b>	<p>Our proxy advisor recommended voting against the reappointment of PwC Zhong Tian, due to regulatory sanctions in China related to the Evergrande scandal. PwC Zhong Tian was fined and received a six-month operational ban in mainland China in 2024, resulting in the dismissal of senior partners and the closure of its Guangzhou office.</p> <p>Despite this, PwC continues to provide valuable expertise, especially in dual listings and international audits, which makes the switching costs high for KE Holdings. PwC also remains the auditor for roughly one-third of Hang Seng Mainboard listings by market capitalization. It resumed operations in mainland China in March 2025 and is fully compliant with local regulations.</p> <p>As a result, we voted FOR the reappointment of the auditors but will continue to monitor the situation closely.</p>

The specific security mentioned above was not held in the fund as of June 30, 2025.
